

Clarification of the words “mahus ha-zman” in the letter of Rabbi Shlomo Eliyahu Miller Shlit”a

In Vol. 16, 54, on the Avodah discussion group (December 8th, 2005), Rabbi Yosef Gavriel Bechhofer wrote:

WADR, your post is not acceptable as evidence. Only the document produced by RSM himself is, at this point, acceptable as indicative of his POV [point of view]. And there he takes on a Schroederian approach [See Dr. Schroeder’s books “Genesis and the Big Bang” and “The Science of G-d”]

Rabbi Miller wrote as follows (December 11th, 2005):

הכונה במה שכתבתי "מהות הזמן" היינו חוקי הטבע שונים לגמרי בו' ימי בראשית ממה שאפשר להמצא עכשיו וכל מה שכתב Dr. Schroeder הוא על חוקי טבע הנוהג עכשיו וע"כ אין שום דמיון ממשכתבתי למשכתב החכם הנ"ל.
